

# THE GLEICHEN CALL

VOLUME XXXII NO. 47

GLEICHEN, ALBERTA, WEDNESDAY FEBRUARY 7, 1940

SUBSCRIPTION \$2.00 PER YEAR

## MR. AND MRS. G. T. JONES CELEBRATE GOLDEN WEDDING

Saturday evening a large number of local citizens met in the Oldfellow's Hall with Mr. and Mrs. G. T. Jones to celebrate their golden wedding anniversary. Mr. M. Bollinger addressed the meeting, outlining the part the couple had played in Gleichen development and on behalf of those present presented them with a purse and wedding cake. Mr. and Mrs. Jones farmed in Missouri before coming to Gleichen in 1909.

Sunday afternoon, which was the actual anniversary day of the wedding, all members of the family living in Alberta with a number of old time friends met at the home of Mr. and Mrs. Jones an celebrated the event at dinner in a large family style. Mr. and Mrs. Jones were presented with a beautiful floor lamp.

The following ones with their wives and families were present: Harry of Olds; Paul of Gleichen; Ralph of Calgary; Gaylin and Lewis of Edmonton. Mr. and Mrs. Jones were unable to be present.

The call joins with the many friends of Mr. and Mrs. Jones in wishing them many more years of happiness.

## CARNIVAL BOYS PLAN TO MAKE SHOW SUCCESS

It seems that someone is a bit slow in getting carnival tickets on the market for the big event of the 29th but you should be able to spend you two-bits and vote your King and Queen by the first of the 29th. We hope the tickets go like hot cakes and the votes come rolling in. Remember they will be recorded on a bulletin board in Shoppe's big window.

Another thing: We've heard that about five girls in white" are up in arms over whose been picked as most eligible bachelors. The only thing we can suggest is that, this big leap year, they put their ideas into action. Of course, we're not saying we don't like bachelors, bachelors store clerks and gossameters too—we do!

On being interviewed last week "Old Timer" Captain, Coach and Goals Lester says he has his Gleichen team lined up and will be holding some secret practice session soon, to determine just how many he can count on for the "game of the century". Our scouts still haven't located "Whistman" Quinnell yet—so we can't report on his team—maybe next time.

It is says he figures he's an Old Timer and wants on the Old Tim team—we figure he's a bit slow though—what do you think?

We've forced to take our hat off to you General Fred Jones, for that column of yours—it's tops—but if this committee's ink holds over we're going to make you step—or take a purveyor of local refreshments upon some time in the south for the climate, air or?

Who is that fellow who is air minded? We hear he "took off" a week ago Sunday at 47 miles per hour.

## GUNNERS DEFEAT CALGARY TIGERS IN HOCKEY DISPLAY

In a friendly game with the Calgary Tigers, Saturday night the Gunners swept to 5-3 victory in what was probably the finest and fastest game of the season.

The Tigers are a team composed of ex-professionals, with two or three exceptions, and have not been as successful very long this season. Nevertheless they demonstrated a lot of pluck and guts and gave the crowd lots of thrills and action.

The Gunners scored the only goal in the 1st when E. Lester rebounded home his brother Bader's rebound. The Gunners had a couple of golden opportunities to score when he had no

body to beat but the goalie out guessed him. Once a Calgary player got through but Bjugie was on one leg. When the second string of players came on the ice they promptly put life into the game and put on all kinds of speed. T. Brown got a penalty, the only one of the game, but the Tigers could not capitalize on it as they seemed to be very tired and rarely got over the Gunner blue line and then for only a moment.

The second stanza saw Gleichen score two goals in succession before the Tiger got a look in. The first by Melbourn from Riddell when they managed to split the defence wide open. The second counter, was by Clifford from (Duchuck) McMaster, the "miling Blackfoot Indian. The Tigers put on a power play and Black (McFarlane) scored for their first count.

The Tigers continued to put on pressure until the end of the period and at times sent everybody up but were too closely checked to do any damage.

In the third period the Tigers put on power plays most of the time for missing a time kept the play inside the Gunners blue line. But teams scored twice. The first by C. Brown for Gleichen when he made a beautiful play from the outside to right up to the goal mouth. For the Tigers Spottedwood scored. E. Lester (McMaster) scored for Gleichen. The Tigers came right back from the faccett to score by Black (Ramsay). McMaster lost two excellent chances when he had only the goalie to beat. When the Tigers put on their power plays with everybody up Bogie tried to probably the busiest man of the ice kicking out pucks.

Referee: Cy McKay and On the Bench.

Just before the game started Bob Brown lured up the Tigers and in introduced them individually to the crowd, most of the names being familiar to hockey followers.

LINUP OF TEAMS  
Gleichen: Tiger: Timmins; McFarlane, Jacobs, Galt, Strickland, Patterson, Black, Cameron, Ramsay, Paul, Manager, Ben Gilmore.

Calgary: Bogie; Clifford, T. Brown, Maynard; C. Brown, E. Lester, McMaster, P. Brown, Riddell, W. Lester, Schmidt, Melbourne.

## U.F.W.A. MEMBERS HOLD MEETING

Mrs. A. F. Wilson was hostess to the ladies of the U.F.W.A. on Thursday afternoon February 1st. The meeting was opened by singing. Let's all get Together and Old Kentucky Home. Roll call was answered by what Radio Program. I Enjoy the Music. This was answered by 21 members and four visitors present. A list of thanks had been received from Mrs. Umbrie and was read. A letter from the Salvation Army asking for support again in 1940.

Discussion regarding Red Cross work took place and it was voted and carried that we join as an auxiliary to Gleichen Red Cross.

The sick committee reported Mrs. Justin Mrs. K. Sammons and Mrs. Quinn as doing nicely. It was decided by the members to help Meadowbrook hall by making a quilt and sell tickets for sale.

Miss Goodwin then gave a splendid report on the annual convention held in Edmonton which was enjoyed by all present. We were pleased to have Mrs. M. V. Jennings, Mrs. M. McAlbin and Mrs. S. Perry. After a delicious lunch and social hour the meeting adjourned to meet again on Feb. 16 at the home of Mrs. A. N. McLeay.

W. W. Brown is a busy man these days getting the voters list ready for the dominion election.

More than 21,000,000 coppers were issued at the Royal Canadian Mint during last year, according to the report from the mint. The total value of all coins was \$3,328,632 including 1,250,718 silver dollars 288,000 half dollars 3,668,600 quarters, 5,619,000 dimes, 6,420,000 nickels and 21,600,000 pennies.

We have heard, indirectly of course, since this subject of the Beer Barrel Polka has come up, that Harry Bosch, the genial president of the Red Cross, is a perfect wizard at the breath-taking dance and is getting a share now for the big night on Feb. 16th. Don't Miss It!

## D. MACDONALD'S RINK WINS COMPETITION AT CALGARY 'SPIEL

The rink skipped by the veteran center, Dan Macdonald, won the Birks competition at the Calgary bonspiel last week. Since returning home the boys have been busy receiving congratulations from their friends on their success. The Calgary Herald has the following to say of the final game:

"The Birks final provided the best competition of the afternoon draw, as Melvor gradually cut into Macdonald's early lead and forced the game to an extra end with a tying score in the twelfth. Macdonald was leading 7-2 at the fifth, and appeared to have the game well in hand, but Melvor kept fighting and was out in front 10-4 at the tenth. Macdonald scored two in the eleventh, then scored a single in the extra end after Melvor had tied the game in the last played end."

"Personal of rink—  
Macdonald—James Eyles, lead; Ernest Souter, second; Ernest Woods, third; Dan Macdonald skip.  
Melvor—Harry Waldron, lead; Bill Duncan, second; Ken Hutcheon, third; Hart Melvor, skip."

"Score by ends—  
Macdonald—111 940 101 020 1-12  
Melvor—000 381 040 001 0-11  
According to reports brought back by the curiers a large crowd followed the last game and led by a number of Gleichen young men attending school in Calgary pulled for the local rink. This game was sent over the wire and the Gleichen folk listening could hear Dan's booming voice when he shouted his orders. So tired were some of the players when they three times they slept the clock round and were credited the win with a score given "Skinny" Brown who acted as trainer, and tended to the players like a father.

## INDEPENDENTS OF DISTRICT MEET IN STRATHMORE

A meeting of the Gleichen Independent provincial constituency Association was held in Strathmore last week when Ralph Umbrie 1st vice-president presided. J. McElroy the secretary-treasurer read the financial statement up to date which showed the association had a balance on the books of the ledger.

The candidate, Don J. McKinnon who was present gave brief talks at various questions.

Delegates who attended were: Messrs. R. Umbrie, T. H. Bush, C. Bell, C. A. Brown, H. T. Colpaiz, J. Corbell, Reg. Gladen, J. Hodgson, T. Hughes, H. Eymann, G. Jackson, G. Kennedy, J. Gagnon, G. Meleady, J. Rogerson, H. Scherer, E. Wagner, W. A. Walter, C. L. Westwood, J. M. Wheatley, J. Williams, M. Van Der Velde.

Owing to the enlisting of President W. McLeay it was necessary to elect a new president. Nominations called for resulted in J. M. Wheatley, of Strathmore, being elected by acclamation.

Supervisors for the various polling divisions were appointed and meetings will be arranged at once in connection with the forthcoming provincial election.

Candidate Don J. McKinnon was heartily assured the full co-operation of everyone present. The delegates realize there is much work ahead and notwithstanding this, a very strong feeling of optimism prevailed.

Come and have fun at the Red Cross dance. Lemon dances, spot dances and a big grocery hamper will be raffled that night.

## SCHOOL CHOIRS BROADCAST NEW WORLD BALLADS

The Canadian Broadcasting Commission is about to enter upon a novel experiment which has as its purpose the interesting of Canadian children in ballads having to do with the history of their own country. This will take the form of a series of five broadcasts based on John Murray Gibbon's recently published book "New World Ballads". The broadcasts will take place on successive Friday evenings beginning January 26 between the hours of 7.00 and 7.30 eastern standard time, and will be heard from eighteen stations covering the entire country.

Three of the programmes will originate in Toronto and the ballads will be illustrated by a group of girl singers picked from Toronto high schools and singing under the direction of Leslie R. Bell, Director of Music, Ontario College of Education, University of Toronto.

The balance of the programme will originate in Montreal with ballads sung by Dr. W. P. Perreval, Director of Protestant Education in these broadcasts. In the direction of Irene Cooper, Supervisor of Music for the Protestant Board of School Commissioners in the City of

Montreal, and lecturer at McGill Conservatory of Music. An interesting feature of the experiment is that school children in Ontario have been instructed to "listen in" as part of their home work and it is expected that in other provinces the same action may be taken.

The attention of the school-children of Quebec Province is also being drawn by Dr. W. P. Perreval, Director of Protestant Education in these broadcasts. In the direction of Irene Cooper, Supervisor of Music for the Protestant Board of School Commissioners in the City of

hardship on any one as the allotment for the southern part of the province is not large and with a small contribution from everyone the total can be easily reached.

The sons of Bill Service are following in father's skate-steps. The Green Hornets, Gleichen's midgeet hockey team, made up of the Services and a few others. Bill played for Gleichen many years so you will likely see the name popping up in the Gunners lineup in a few more years.

If you want to be patriotic just offer your self for the government as a dollar a year man and you will get from ten to twenty dollars allowance for coffee. A good many smart men would be willing to do the same jobs for that amount or less and still be able to lift the old beer without worrying about how much bread there was in the house. A soldier in the ranks gets eighty five cents a day for his food, when not in barracks. We suppose the thought that he might get killed in pursuit of duty keeps him from living as high as some. Only one man in the whole bunch listed in the papers lately refused to accept either salary or living allowance.

Dr. Bugby, the weather prophet of Revelstoke, has forecasted from his eyrie, somewhere in Ontario, that a heat wave, with it's centre there is about to radiate in all directions. The wave of hot air will sweep back and forth across the country until about the 8th of March. However, he does not predict that anything serious will happen, and that thinks will settle back into the usual way. After that date there may be a smaller wave sweep the west for a spell with a lot of whirl winds likely to blow away your folding money.

Did you read the bulletins on the Prophetic Liberal Headquarters last Sunday? Well, the worst of it is that most people blame Jones. After having lived a godly, righteous and sober life for the past (nearly) half century in Gleichen and now to have this terrible accusation to haunt him, dreams, Harry up, Foreign Legion.

## The Path To Health

A reduction of 20 per cent. in deaths from all diseases and accidents combined in the period of the last ten years in the Dominion is a record of which the people of Canada have a right to be proud, since the statistics indicate marked progress in the fields of both preventive and curative medical treatment, and this, of course, includes the sphere of surgery.

This achievement is more particularly notable since the progress along the path to better health and greater longevity has coincided with one of the worst eras in Canada's economic history, 1929 to 1939 inclusive. It means that during a period when people have had less money to spend on luxuries than formerly they have been devoting themselves to the task of promoting better health and longer life and have been giving hearty support to public health authorities, scientists and the medical profession in their efforts towards these worthy aims with considerable success. Surely these objectives and these results are deserving of commendation and the people of this country generally should be congratulated.

Some statistics of mortality from various diseases during the past decade among the 1,250,000 policy holders of the industrial department of one of the large life insurance companies, which may fairly be taken as representative of the people of the Dominion as a whole, show tremendous declines in the death incidence of many diseases which formerly took a very heavy toll of the populace, and show that during the past two years, 1938 and 1939, the mortality rate has been the lowest in Canadian history. In 1939 new low mortality rates for tuberculosis, pneumonia, scarlet fever, diarrhoeal diseases and accidents combined, were recorded.

### Marked Progress

Public enemy No. 1 in the death rate column as recently as 11 years ago, tuberculosis, as a cause of death in Canada has dropped to third place. The death rate from this disease among the company's policyholders last year was seven per cent. lower than in 1928 and 45 per cent. lower than in 1929—an indication that this disease is succumbing to the onslaughts being made upon it by the co-operative efforts of the public, the medical profession, research workers and public health authorities.

Even more marked progress has been shown during the past ten years in the fight against some of the other dangerous diseases. Mortality from pneumonia, one of the most common of the diseases, has declined in a single year by 10 per cent. and in the last ten years by 55 per cent. in the company reports. Deaths from influenza have declined 70 per cent. in the decade, while a decline of 13 per cent. in a single year and 65 per cent. in ten years marks the progress of the battle against the four principal communicable diseases among children: measles, scarlet fever, whooping cough and diphtheria.

With respect to diphtheria, says the insurance company, "it is interesting to note that ten years ago it caused about as many deaths among the insured in Canada, as did the three other communicable diseases combined. Today, deaths from whooping cough, despite a reduction of 40 per cent. outnumber those from diphtheria."

Deaths from diarrhoea and enteritis have declined 12 per cent. in one year and 70 per cent. in ten years; from puerperal conditions, some but not all of which may be attributed to a rising birth rate, 25 per cent. in the decade and fatal accidents, 30 per cent. in the ten years. No decline, however, is shown in the number of deaths from automobile accidents in the ten year period, otherwise the reduction in accidental deaths would have been substantially increased.

### More Progress

While these facts and figures will be digested with considerable satisfaction, the war against preventable disease and death is by no means won but they do show that real progress is being made. There is a dark side to the picture represented in the increasing death rate from cancer which was 35 per cent. higher in 1939 than ten years ago. It is to be hoped, however, that the present campaign which is now being conducted to make the people thoroughly conversant with the symptoms of this great killer and of the fact that the disease can be cured if caught and treated in the earlier stages will bear fruit during the decade, 1939 to 1949. There is no doubt that thousands in Canada who have been laid in the grave, victims of cancer, and hundreds who today are doomed to an early demise from the same cause would be alive and healthy, had they had the knowledge that would have sent them to their physicians in time.

Cancer is not the only disease, on which concerted efforts must be put if the death rate for the next ten years is to show a corresponding, or even greater decline than the past decade. During the past ten years the mortality rates from diabetes, heart disease, diseases of the coronary arteries and chronic nephritis have all shown appreciable rises.

While, as listed, these diseases which are becoming a greater menace to the people of Canada, are comparatively few in number, they offer a wide field for more research, more education and more co-operation, between the public, health authorities and the insurance companies themselves, who, it might not be amiss to remark, are rendering a valuable service in the efforts they are making to promote health, reduce mortality rates and make available to the public health information which will help the people to help themselves to better health, and hence, greater happiness.

### Simple Courtesy

Simple courtesy injected into our everyday human relations would do more to extend the spirit of good-will than all the other efforts combined. Courtesy begets kindness and kindness awakens goodwill and confidence and ripens into understanding, and understanding is peace.

### A Rabbit Drive

Novel Method Adopted For Assisting The Red Cross Fund

Saskatchewan residents have a novel way of raising funds for the Red Cross, reports Mary Gardner of Manor. This is a "rabbit drive", several of which have been held in the Auburn district, 14 miles south of Manor.

These rabbit drives usually are held on a Saturday afternoon, and each one covers approximately six miles. In the centre of this area a rabbit corral (or trap) is built of chicken-wire square, with one side open and two wings projecting like the sides of a funnel.

At a specified time, usually around 3 p.m., men, women and girls meet for the drive. They advance on the corral from four directions, spread out in four long lines. On a signal they start walking or running toward the trap, through fields and meadows, driving the rabbits before them. These lines are kept in place by two mounted men, who prevent one line from getting ahead of another.

Eventually, the four lines meet in the centre and the frightened rabbits are herded into the trap. When the hunters disperse a specially selected crew dispatches the rabbits as quickly and painlessly as possible. The carcasses are disposed of to butchers or fox farms. The pelts eventually find their way to manufacturers of hats, while the meat is fed to foxes.

From five to seven cents is received for each rabbit and the proceeds of each hunt is turned over to the local Red Cross Society.

In addition to providing the Red Cross with funds, these drives rid the communities of the rodents which, in most cases have become commensal pests.

### No Travel Rush

British Ski Enthusiasts Not Going To Switzerland This Year

Ordinarily at this season the Victorian platform, from which trains leave for Channel boats is jammed with people and luggage and the air is filled with all the excitement and sunshine. This winter the golden age of the Swiss hotel-keepers is over. They have come temporarily to an end as far as British visitors are concerned; after a recent snow-fall people merely waxed their skis and took them out to do a few wistful turns on the mild English slopes. Even in the face of such a depressing business outlook, the clerks in Thomas Cook's Berkeley Square travel office are successfully preserving that air of polite detachment which they have cultivated so carefully for years. A young woman who has somehow contrived to secure a permit to leave the country went in there the other day and broke the cathedral hush of the place by asking, in a casual voice as she could manage, how to get to the Swiss skiing country. The clerk simply nodded, reached for the proper travel folder, and said, "Certainly, Madam. May I suggest that you go via Paris?"—London Letter to The New Yorker.

### SELECTED RECIPES

#### NUT COOKIES

- 1/2 cup butter
  - 1/2 cup white sugar
  - 1/2 cup milk
  - 2 eggs
  - 1 cup Bee Hive White Corn Syrup
  - 1 1/2 teaspoons baking powder
  - 1 teaspoon salt
  - Grated rind of one lemon
  - 2 cups flour
  - Chopped nuts
- Cream butter, add sugar, beat, add one whole egg and one yolk (leaving one white for top) and syrup, beat, add milk and then add dry ingredients sifted together and mix thoroughly. A little more flour may be needed. Drop on buttered tin and brush tops with slightly beaten egg white and garnish with chopped nuts. Bake at 350 degrees F. 10 to 15 minutes. Makes approximately three dozen.

#### CARDINAL PEAR MOULD

- 1 package Cherry Jell-O
  - 1 1/2 cups hot water
  - 1/2 cup juice from canned or cooked pears
  - 1/2 teaspoon ginger
  - 1/2 teaspoon salt
  - Four sections
- Dissolve Jell-O in hot water. Add pear juice, ginger, and salt. Turn into individual moulds. Chill until firm. Unmould. Garnish with sections of pears. Serves four.

#### Get Secret From China

Justinian, Byzantine emperor, succeeded in getting the silk secret from China by bribing two monks to smuggle some of the silkworms out of the country in their bamboo staffs. Afterward, silk became more widely used, although it remained expensive.

One person in every 73 in England is named Smith and one in every 70 is a Jones, according to a recent estimate. 2345

### RED CROSS DANCE FEBRUARY 16

The dance committee of the local Red Cross is sparing no effort to make their dance in the Community Hall, on the evening of the 16th, the dance of the year.

The 22nd Battery are lending their aid in decorating the hall, and the music, which of course goes such a long way towards making any dance a success, is going to be the very best that can be procured.

The committee decided to make the tickets \$1 each, with the exception of students, which are priced at the usual 50 cents. It must be remembered, that the \$1 charge includes supper.

It was felt by the committee that the public would realize that this is the outstanding effort of the year to raise funds to carry on the work of the Red Cross Society and would lend us support in every way possible. One thing is certain, those that attend this dance are going to have the time of their lives.

Remember the date—Friday February 16th.

### Town & District

At Strathmore Monday night the Gunners defeated Strathmore 6-5.

W. H. Goodwin and T. W. Bates went as delegates to the diocesan synod which met in Calgary last week.

There will be no election in town this year for either councillors or school trustees. Councillors Duhay and Michael's terms had expired. They were re-elected to office by acclamation. On the school board: Trustee Warner, whose term had expired, they also were elected by acclamation.

Evidently the people of Gleichen thought that with a Dominion election to be held next month and the possibility of a provincial election soon would be enough for one year without having a council and trustee election.

Don't forget your admission ticket to the Red Cross dance includes supper per. Adults, one dollar; students 50c.

A new use has been found for the doors of the fire hall. Sunday morning citizens woke up to find the door plastered with election news and various advertisements.

Odd as against a bumper wheat yield in Western Canada during 1940 it has been declared. The forecast was based on past records. Long-time records reveal that when fall and winter moisture is below normal—as has been the case during the past months, chances are about two to one against an average or better than average crop in the first growing season. Moisture conditions are said to be normal only in certain Alberta areas of the prairie west.

Wear your best bib and tucker and "swing" to Al Mack's Orchestra on Feb. 16th.

### UNITED CHURCH

Rev. J. N. Wilkinson, minister.  
Mrs. H. Birch, choir-leader.  
Miss Marjorie Birch, pianist.  
11 a.m. Church school.  
7:30 p.m. Divine worship. Sermon topic: "The Friendship of Jesus."

This is the first of a series of Lenten meditations on the general theme, "The Transforming Friendship."

Rev. Mr. Pearson incumbent.

### CARD OF THANKS

We wish to thank the people of Gleichen for their kindly actions and presents on the occasion of our wedding anniversary.

MR. and MRS. G. T. JONES

### THE WORLD OF WHEAT

By H. G. L. STRANGE  
Director, Research Department  
Searle Grain Company, Limited

For many years there has been a common belief that futures trading, or what is commonly called speculative buying and selling, influences prices to rise or fall.

Cornell University in 1924 investigated the results of 34 years of speculation in wheat, and the Food Research Institute of California in 1931 published a very complete study covering 41 years of speculative trading in wheat. The Research Department

of the Searle Grain Company made an investigation of daily wheat prices from 1920 to 1937 to determine whether futures trading, or speculation, had influenced prices, and submitted this to the Tariff Commission in 1937. None of these investigations revealed that futures trading had influenced prices.

Now Harvard University has just published the results of an investigation made by Dean W. Mallot who is chancellor of the University of Kansas, into the subject of "The Influence of Futures Trading on Prices." This study disclosed no trace of influence on prices attributable to futures contracts trading or to speculation in futures contracts. So it would seem that now, once and for all, we can remove from our minds that fear that speculation or futures trading has any bad effect upon prices.

### COMING EVENTS

Feb. 16—Local Branch Red Cross Society dance.

An interim payment by the Canadian Wheat Board before seedling is being advanced by United Grain Growers, Limited. Following a meeting of the board of directors of the Company in Winnipeg, last week, the following telegram was despatched to members of the cabinet wheat committee at Ottawa, by the president, R. S. Law: "The board of directors of United Grain Growers Ltd. desires to urge that the Canadian Wheat Board be authorized to make a further distribution before seedling to western wheat growers who have delivered wheat to the Board, and that this should not be delayed until the whole of the first crop of 1939 has been sold. Such a payment is made in sufficient time, before spring work opens, will materially assist in enabling western agriculture to contribute its maximum strength to national production during 1940. We would ask that such a payment be as large as possible in view of all existing circumstances and feel that an interim payment of 7½ to 10 per cent per bushel would be justified, with due consideration to the lower grades of wheat on which a larger payment may well be considered."

For results try The Call classified ad column. It gets results.
